# Holiday program 29 April - 02 May 2025

«Forest adventures, on the trail of the forest warden»

The children immerse themselves in the world of the forest. Their curiosity, joy in play and discovery, as well as their love of movement, have all been thoughtfully considered.

## Tuesday, 29. April 2025

### The discovery of the forest

To kick off our week, we will be looking at the tracks of animals and the role of trees in the forest near Albisgütli.

Holly, the little squirrel, accompanies us through the week and explains why he likes living in the forest with his friends. With books, games and lots of activities in between, the children learn different and important forest facts.

Various forest games take place in the afternoon, such as a forest memory game or a special game of hide and seek.

## Wednesday, 30. April 2025

### Creative in the natural forest

We go to the forest near Albisgütli, just like on Tuesday. The children can let off steam creatively, e.g. they can print a T-shirt with real leaves or make a tic-tac-toe game out of tree bark.

## Friday, 2. May 2025

### Day trip

We all meet at Zurich main station between 8.00 and 8.15 a.m. and travel to an experienced forest warden.

The forester explains his tasks in the forest. Together with him, we set off on a journey through the forest.

Afterwards, we have a picnic in the forest and can stay there for a while. We use various natural materials to build a sensory trail which we try out straight away.

At 17:30 we meet with the parents at the main station.
